My Garden

This is my garden. It's very big and very wide.

There is a lot of grass in my garden. Now, it's September, and the grass is long and thick. I also have some trees in the garden. There is a young lemon tree which is very small. It doesn't have any fruit, yet. Maybe next year! Then, there is a peach tree. There aren't many peaches this year because of the cold weather in April and May. The third tree is an apple tree. Apples always grow well in this area, and the tree is full of big green apples. Tomorrow, I want to make a big apple pie.

There are many other colors in my summer garden. In December when it's cold and gray, it's not a very happy place, but now in September, it's wonderful. There are red roses, and we have other colors such as lavender, orange, and yellow. I love relaxing in my garden and watching bees jump from flower to flower.

Next year, I plan to grow more vegetables and have a picnic there with family and friends.
